 - Aerosols over 250ml are prohibited on the campsite
 - Disposable BBQs are NOT permitted on the campsite
 - Campsite Fire Safety Tips
 - Assess the site before you pitch your tent; ideally be at your site before sunset so you can see what you're doing

- Check that tents are positioned well apart from each other to prevent the risk of a fire spreading; Harvest campsite stewards can assist in identifying your site
 - Don't use naked flames such as candles and lighters inside a tent; use a torch instead
 - Don't use oil-burning appliances in or around tents
 - Don't smoke inside a tent
 - If there's a fire in your tent...
 - Get everyone out without delay – fires in tents spread extremely quickly
 - If your clothing catches fire, don't run around as this will fan the flames and make them burn faster. Instead, lie on the ground as this makes it harder for the fire to spread. Smother the flames with heavy material (a coat or blanket for example) or roll around to smother the flames
 - Alert the Harvest Fire Marshall in the main campsite (identified by XXX colour hi-vis jacket)
- Security
 - Prior to entering the festival grounds your bags will be searched and a “body pat-down” will take place to ensure no prohibited items are brought onto the festival grounds

2. Staying Green

- Sustainability
 - Our policies fall under various categories related to recycling, litter control, green suppliers and materials, water management and more.
 - Compost it: All our traders use biodegradable materials. This means plates, cutlery, napkins and coffee cups can be chucked in the compost bins along with food scraps – NO PLASTIC please
 - Recycle it: Plastic bottles, aluminum cans, newspapers, magazines, cardboard can all be recycled- Make sure to find the right bin!
 - General Waste: Check if your waste can be recycled before chucking it in the general waste bins – if you're not sure ask!

- Recycling
 - Rubbish will be recycled as possible over the weekend
 - We will also have a team of litter pickers on site to help keep tidy the main arena and campsite
 - Every Can Counts is our recycling partner for drink cans. Every recycled drink can cut the carbon footprint of the next can made – so every can recycled really does count!
 - All our food concessions must use biodegradable containers and it is strictly enforced that all their waste must be compostable PLA

- Carbon Footprint
 - People are encouraged to use public transport as much as possible to get to their destination

- We encourage carpooling to either destination; onsite parking facilities will be available at both locations
